Vol 16 No 1 • March 2019

ISSN 2564-7474

**Y. Çağatay Seçkin • Editor**  
Editorial

**İlker Karadağ, Nuri Serteser**

Estimation of airflow characteristics of indoor environments in the early design stage

**Saadet Zeynep Bacınoğlu, Luka Piskorec, Toni Kotnik**

CURVED.IT: A design tool to integrate making with curved folding into digital design process

**Burçin Başyazıcı, Belkıs Uluoğlu**

Architecture: Distinguished or ordinary network agents in the field of its representation

**Mojtaba Valibeigi, Ali Akbar Taghipour, Majid Feshari**

Housing price estimation in order to sustainable housing: Niyavaran area, Tehran, Iran

**Handan Türkoğlu, Serengül Seçmen**

The role of urban waterfront parks on quality of life in İstanbul

**Nawal Benslimane, Ratiba Wided Biara**

Collective ingenuity in the construction of the popular home: The challenge of the know-how in Sahara

**Melih Bozkurt**

Triangulation study of water play in urban open spaces in Sheffield:  
Children's experiences, parental and professional understanding and control

**Koray Güler, Yegân Kâhya**

Developing an approach for conservation of abandoned rural settlements in Turkey

**Duygu Turgut**

An analysis of the plan typology of vernacular Talas Houses

**Elmira Ayşe Gür, Nasim Heidari**

Challenge of identity in the urban transformation process: The case of Celiktepe, İstanbul

# ITU Journal of the Faculty of Architecture

Vol 16 No 1 • March 2019

Published three issues in one year by Istanbul Technical University as a refereed journal.

## Guide for authors

Authors must follow these instructions carefully to avoid delays in submission, peer-review and publication processes.

### 1. Submission of manuscripts

The language of the journal is English. After the submission, the manuscripts will be edited according to the journal submission format and authors may be requested for some corrections or for addition of any missing

### 2. Preparation of manuscripts

The cover letter, title page, text with references, tables and a list of figure captions should be prepared as separate Word documents and should be uploaded the online submission system separately. The manuscript must be typed in double spacing by using Arial font with 12 points. All pages must be numbered consecutively.

#### 2.1. Cover Letter

The cover letter must state that the manuscript has been written and approved by all authors, that it presents an original and unpublished work; and it has not been submitted to, or is not under review process in another journal. It must contain the names and signatures of all authors. The scan of the cover letter is acceptable.

#### 2.2. Title Page

The title page must contain a concise and informative title; names, affiliations (department, faculty, university, city and country) and e-mail addresses of all authors, and identify the corresponding author.

#### 2.3. Abstract

A concise and informative abstract in English must not exceed 250 words in length, must summarize the purpose, methods and major findings of the paper.

#### 2.4. Keywords

The article must have minimum 3, maximum 5 keywords which must be sorted in alphabetical order and separated by commas. Keywords must be carefully selected to facilitate the readers' search.

#### 2.5. Text

Text must not exceed 7000 words. All headings must be numbered consecutively and hierarchically. Authors, for whose English is not the native language, are strongly encouraged to have their manuscript carefully edited prior to submission. Also, authors are recommended to perform spell checking of the text. Within the article, avoid the use of footnotes and endnotes, if unavoidable, label as (1), (2) and list all together at the end of the page where they occur.

#### 2.6. Acknowledgement

If necessary, acknowledgements can be provided.

#### 2.7. References

The style and punctuation of the references must follow the APA referencing style. References in the manuscript must give the surname of the author and the year of publication in brackets. The references must be listed in alphabetical order of authors' names and in chronological order for each author. The upper and lower case rules and punctuation types of APA style must be carefully followed. Further details about APA referencing style can be seen from <http://www.apastyle.org/>.

Some examples of reference citation are given below.

#### Books

Author, A. (2014). *Title of the book*. London: Mitchell.

#### Journals

Author, A. A., Author, B. (2012). Title of the article. *Title of Journal*, 12(4), 187-195.

#### Conference Proceedings

Author, A. A., Author, B. (2014). *Title of paper*. Paper presented at the meeting of Organization Name, Location.

#### Thesis

Author, A. A. (2008). Title of thesis (Unpublished doctoral dissertation or master's thesis). Name of Institution, Location.

#### Websites

The BBC (<http://www.bbc.co.uk>).

Author, A. (2011). Title of document [Format description]. Retrieved from <http://URL>

#### Report

Author, A. A. (2012). *Title of work* (Report No. 123). Location: Publisher.

Author, A. A. (2012). *Title of work* (Report No. 123). Retrieved from Name website: <http://www.az.itu.edu.tr>

### 3. Preparation of Tables and Figures

Tables and figures must not be embedded in the article. The proposed location of figures and tables must be indicated in the article by using [Figure 1] and [Table 1] format.

Tables must be provided after the references and each table should be placed on a single page. They must be consecutively numbered and must have a brief informative caption. The caption must be provided before the table and written in "Table 1. Name of the table" format. If necessary, explanatory footnotes must be brief, placed beneath the table and indicated by (\*).

Figures must be numbered consecutively throughout the paper and uploaded to the online submission system as separate image files. Figures must be in grayscale or in black-and-white with minimum 300 dpi resolution as jpeg format. Figures must be named as they named in the article in "Figure 1. Name of the figure" format. Figure captions must also be listed at the end of the article, after the tables.

### 4. Symbols, abbreviations and conventions

Symbols, abbreviations and conventions in papers must follow the recommended SI Units. Abbreviations must be defined in brackets after their first mention in the text in accordance with internationally agreed rules.

### 5. Mathematical expressions

Mathematical symbols and formulae must be typed and any other application or program must not be used. Particular care must be exercised in identifying all symbols and avoiding ambiguities. Distinction must be made between the number one (1) and letter (l) and between the number (0) and the letter (O). Equation numbers must appear in parentheses and numbered consecutively. All equation numbers must appear on the right hand side of the equation and must be referred to within the text.

### 6. Copyright and originality

It is the author's responsibility to obtain written permission from authors and publishers of any previously published material; text, tables, figures, etc.

### 8. Book reviews and notes

A book review must run between 500-1000 words, which give scope for an assessment of the book and its contribution to knowledge and discussion within the broad field of architecture, planning and design. Reviews must be typed in double spacing by using Arial font with 12 points. Name, affiliation and e-mail address of the reviewer must be given. A photograph of book cover must be provided in jpeg format. The title, author, origin, publisher, date, number of pages, price and ISBN number must be provided as in the following example.

The Search for Form in Art and Architecture

Eliel Saarinen, 1985

Dover Publications Inc.: New York

354 pp 8.95 US \$ Paperback

ISBN 0-486-24907-7

### 9. Publication charges

There is no submission and page fee for A|Z ITU Journal of the Faculty of Architecture.

## Contributors

---

### **Saadet Zeynep BACINOĞLU**

Saadet Zeynep Bacinoğlu holds an M.Sc. in Architectural Design Computing Graduate Program; B.Sc. in Architecture from ITU. She had been a visiting doctoral researcher at Aalto University, between 2017-2018; a visiting student at TU Vienna in 2010-2011; a research & teaching assistant at ITU from 2011 to 2018.

### **Burçin BAŞYAZICI**

She received her bachelor's and master's degrees from Yeditepe University Faculty of Architecture. She is currently a PhD candidate at Istanbul Technical University Architectural Design Program. She worked as a teaching assistant at Yeditepe University Faculty of Architecture between 2011-2018 and she has been working as a lecturer since July 2018. Her research interests include architectural theory, "other" concepts of architecture and architectural phenomenology.

### **Nawal BENSLIMANE**

Benslimane Nawal has a architect's diploma and master in architecture specializing in the Saharan context. Doctor student in architecture, Temporary teacher in the university since 2015 and architect (since 2010 in the local direction of the city).

### **Ratiba Wided BIARA**

Trained as an architect, Ratiba Wided BIARA is passionate about architecture and urban planning in the Saharan context. Doctor of architecture, she devotes her professional life to teaching, and her research work to the study of the architectural/urban space in the Sahara. She has been teaching at the University of Bechar in Algeria since 2007.

### **Melih BOZKURT**

Studied landscape architecture in Ankara University and followed by MA

and PhD degrees in Sheffield University, Department of Landscape Architecture. I am currently working at Istanbul Technical University, Department of Landscape Architecture as a lecturer. My research interest focuses on children's experiences of urban environment and open space design.

### **Majid FESHARİ**

I am Majid Feshari Ph.D of International and Industrial Economics at University of Tabriz and assistant professor of economics department in Kharazmi University. I have 7 Years experience in the context of academic activities in Kharazmi University. My research Interests are international studies, tourism analysis, industrial organization, econometrics and other related fields.

### **Koray GÜLER**

Receieved his bachelor's degree in architecture (2010) from Dokuz Eylul University. Earned his M.Sc. (2012) and PhD. (2016) degrees from Restoration Programme at Istanbul Technical University. He works at Mimar Sinan Fine Arts University, Faculty of Architecture. Major research interests include vernacular heritage, rural architecture, traditional construction techniques, urban and rural conservation.

### **Elmira Ayşe GÜR**

Associate Professor Dr Elmira Ayşe Gür has participated in several international workshops, conferences, and competitions where she was awarded for her architectural design projects. Her research works and writings have been published nationally and internationally. Dr Gür's research interests lie within a wide spectrum of areas from architecture to urban development. She has published and edited several papers and books on affordable housing, squatter settlements, housing development and typology in Istanbul,

design studio's physical environment, design education, child development centers, post-disaster temporary shelters and urban transformation.

### **Nasim HEIDARI**

Nasim Heidari's bachelor degree is from IAUT in Iran. After bachelor degree she went to Turkey to academic studies. Now she is Ph.D candidate in construction science at ITU. She has participated in conferences and workshops related to the architectural and environmental subjects. Also working in market for implementing the academic knowledge in real life.

### **Yegân KÂHYA**

Received her bachelor's degree in architecture (1982) from Istanbul Technical University. Earned her M.Sc. (1984) and Ph.D. (1992) degrees from Restoration Programme at Istanbul Technical University. She was president of ICOMOS Turkey between 2011-2014. Major research interests include conservation of Byzantine monuments, restoration, theory of conservation, conservation techniques and methods, traditional construction techniques, architectural documentation and inventory, urban and rural conservation.

### **İlker KARADAĞ**

İlker is a teaching & research assistant at Istanbul Technical University. His research interests concern architectural aerodynamics and software development. İlker pursuing his PhD on "Development of an architectural aerodynamics algorithm for early design stage". In addition, İlker is the developer of Archidynamics Software, an architectural design, and analysis software.

### **Toni KOTNIK**

Toni Kotnik is Professor of Design of Structures at Aalto University. He studied architecture and mathematics. His research is focused on integrative design methods at the intersection of

architecture and engineering. Toni Kotnik was teaching and conducting research at the AA London, ETH Zurich, University of Innsbruck, SUDT in Singapore.

### **Luka PIŠKOREC**

Luka Piškorec studied architecture at the University of Zagreb in Croatia. He continued his studies at the ETH Zürich in Switzerland. In 2011, he started working as a research assistant at Gramazio Kohler Research. Since 2017, he works as Lecturer in Design of Structures at Aalto University in Finland.

### **Serengül SEÇMEN**

Serengül Seçmen is a PhD Candidate at the Istanbul Technical University and, an Architect-Urban Designer. She gives lectures in universities. Her research interests lie on new public experiences, urban waterfronts and large-scale project developments. She is author of 3 international proceedings and 2 book chapters. She has been working in urban design and architectural projects since 2003.

### **Nuri SERTESER**

Completed his post-doctoral research at the University of Maryland Fire Protection Engineering Department. He has been studying on researches and experimental studies on wind control in building design, wind effects on the façade, building aerodynamics and prevention of the wind discomfort in urban areas in the Faculty of Architecture, ITU.

### **Ali Akbar TAGHIPOUR**

I am Ali Akbar Taghipour Ph.D of geography and urban planning at University of Tabriz and faculty member of Damghan University. I have 4 Years experience in the context of academic activities in Damghan University. My research Interests are regional development, tourism development, urban development, spatial geography and sustainable development.

**Duygu TURGUT**

Duygu Turgut is a research assistant at Istanbul Technical University Faculty of Architecture. She received her master degree at Mimar Sinan University Architecture Department and doctoral degree from Department of Architecture at Istanbul Technical University. Her researches focus on vernacular architecture, traditional houses, plan and facade analysis of Turkish house.

**Handan TÜRKOĞLU**

Handan Turkoglu is a professor of Urban and Regional Planning Department at Istanbul Technical University, Faculty of Architecture. She is author and co-author of 3 books, 16 book chapters and 131 scientific papers published internationally and nationally. Her areas of interest include GIS and urban planning, disaster mitigation, urban open spaces, housing and quality of life. She is a member of European Housing Research Network (ENHR).

**Belkıs ULUOĞLU**

She graduated from Istanbul Technical University as an architect (1980) and received her master's degree from U.C.Berkeley (1982) and completed her PhD in İTÜ Faculty of Architecture (1990). She has been as a visiting lecturer at Carnegie-Mellon University (1987-88) and then as a researcher within the scope of an NSF project (1990-91). She has lectures, publications and research in the field of Design Theory, Architectural Theory, and Architectural Epistemology.

**Mojtaba VALIBEIGI**

I am Mojtaba Valibeigi Ph.D of geography and urban planning at University of Tabriz and faculty member of Buen Zahra Technical University. I have 5 Years experience in the context of academic activities in Buen Zahra Technical University. My research Interests are regional development, tourism development, urban development and econometrics.
