Contents

Y. Çağatay Seçkin • Editor Editorial	I-II
Bülent Onur Turan, Kemal Şahin, Ümit Işıkdag An investigation on the attitudes towards adopting the design by coding paradigm	1-11
Kerem Beygo, Mehmet Ali Yüzer Early energy simulation of urban plans and building forms	13-23
Ehsan Abshirini, Daniel Koch Resilience, space syntax and spatial interfaces: The case of river cities	25-41
Ebru Firidin Özgür, Sinem Seçer, Barış Gögüş, Tolga Sayın Use of public spaces in private space-led urbanization: The cases of Kadıköy and Ataşehir in İstanbul	43-56
Edmond Manahasa, Ahsen Özsoy Place attachment in a Tirana neighborhood: The influence of the “Rebirth of the City” project	57-70
Şebnem Ertaş, Aslı Taş Changing effect of place on frontage design in the context of cultural sustainability	71-89
Seda Erdem, Nihal Arıoğlu An analysis of the properties of recycled PET fiber-gypsum composites	91-101
Mustafa Erkan Karagüler, Gülfem Kaya The effect of relative humidity and moisture to the durability of spruce and laminated timber	103-110
Parmonangan Manurung Daylighting and architectural concept of traditional architecture: The Tongkonan in Toraja, Indonesia	111-126
Murat Çetin Filling an urban void as a ‘public interior’ in Balıkesir; contemporary intervention into historic context through interior space	127-135

Contributors

Ehsan ABSHIRINI

Ehsan Abshirini is a PhD student in GIS at KTH, School of Architecture and Built Environment. Current research focuses on urban resilience, urban accessibility and diversity in the context of space syntax, GIS and spatial analysis, developing methodologies to better support such issues in urban planning.

Nihal ARIOĞLU

Nihal Arioğlu was retired from Architecture Faculty at İTÜ in 2016. She is working in Beykent University as a regular lecturer and as an adjunct professor at Medipol University. She has been working in research topics of "Assessment of construction, election of materials and systems in construction, technics of developments in innovative materials and systems, characterization in materials, recycling". She has five books and many publications. She has students complete 39 master thesis and 6 doctoral thesis.

Kerem BEYGO

Kerem Beygo is Ph.D. candidate in the Department of Urban and Regional Planning in İTU, Turkey. He received his Bachelor's degree in Civil Engineering and Master's degree in Management Engineering from İTU. He worked as a constructor and licensed real estate appraiser. He is interested in green buildings, energy efficiency in urban regeneration, sustainable developments in cities and regions.

Murat ÇETİN

Murat Çetin received his B.Arch and M.Arch degrees from Middle East Technical University, Department of Architecture. He completed his PhD at the University of Sheffield in United Kingdom. He worked in various institutions such as Balıkesir University, Yeditepe University, King Fahd University. Currently, he teaches at the Kadir Has University.

Seda ERDEM

Seda Erdem was born in 1980. She was graduated from Istanbul Tech-

nical University Architecture Faculty in 2005. She completed her master in 2008 and doctoral thesis in 2013 at İTU. She has been working as a research assistant since 2011 at İTU, Department of Architecture.

Şebnem ERTAŞ

She completed her bachelor's (2003) and master's (2006) degrees and earned her Ph.D. (2012) at the Karadeniz Technical University, Trabzon. She is currently employed as assistant professor in the Department of Interior Architecture. She won Dining Room Furniture Design, National Furniture Design Competition 2005 3rd Prize, 2006 Mention prize, Turkey.

Ebru FİRİDİN ÖZGÜR

Phd, Assoc. Prof. at Mimar Sinan Fine Arts University, Department of City and Regional Planning. Her areas of interest are urban design theory, urban morphology, history of human settlements, public spaces and publicness of the cities, and contemporary housing development.

Y. Barış GÖĞÜŞ

Res. Asst. at Mimar Sinan Fine Arts University, Department of City and Regional Planning. His areas of interest are Participatory Urban Design, Public space and publicness of urban space, social production of space, actor-network theory, relational methods in urban studies.

Ümit IŞIKDAĞ

Currently an Associate Prof. at Mimar Sinan Fine Arts University, Umit Isikdag holds a BSc in the field of Civil Engineering, an MSc. / PhD in the field of Construction Informatics. His research interests include BIM, 3D GIS, Internet of Things, RESTful Architectures, BIM 2.0, and Spatial Web Services.

Mustafa Erkan KARAGÜLER

Graduated from Istanbul Technical University in 1977, Mustafa Karaguler completed his master of science degree in Building Materials from the same university in 1979. He started to work in İTU Faculty of Architecture at Building Science Chair. After receiving his Phd title he continued his studies

in Northwestern University two years long. Receiving title as Assistant Professor in 1991 and Associate Professor in 1992, Karaguler continues to give lectures in Architecture Department in ITU.

Tuğba Gülfem KAYA

Graduated from the Istanbul Technical University Architecture Department in 2002, Gulfem Kaya completed her master of science degree from ITU Faculty of Architecture at Environmental Control and Construction Technologies Program in 2006. She worked on several projects related with her expertise and now continues in Phd studies since 2011 at ITU Architecture Department Construction Sciences Program.

Daniel KOCH

Daniel Koch (PhD) is a researcher at KTH School of Architecture and Architect at Patchwork Architecture Laboratory. Recent research investigates spatial configuration and socio-cultural structuring, design and diagramming, and processes of subjectification. He is editor of the journal of Space Syntax and Vice Director of SRE Architecture in the Making.

Edmond MANAHASA

Completed his bachelor and MSc (in History of Architecture) degree in Istanbul Technical University where he is actually a PhD Candidate (in Architectural Design). His field of interest has been European Architecture (Medieval and Modern), Ottoman Architecture in Albania, Theory of Architecture and Criticism, Architectural Identity and City Identity.

Parmonangan MANURUNG

Parmonangan Manurung was born in Palangkaraya-Indonesia. He did his undergraduate work at Universitas Kristen Duta Wacana and received his master degree from Gadjah Mada University, Indonesia. He is interested in architectural design, lighting and inclusive design. He has published some books and articles based on his research and design experiences.

Ahsen ÖZSOY

Prof. Dr. Ahsen Özsoy studied archi-

ecture at ITU. Teaches architectural design, housing research-methodologies, psychology and architecture. Studies on housing quality; environment-behaviour research; architectural education, earthquake, gender and children issues. She has designed educational and residential projects, received national architectural awards. Administratively, served as Director of Institute of Social Sciences and Vice Rector of ITU.

Tolga SAYIN

Phd, Assist. Prof. at Mimar Sinan Fine Arts University, Department of Architecture. His areas of interest are transdisciplinary research in architecture, architectural theory and criticism, architectural design education, relationship between architecture and city, public spaces and publicness of the cities.

Sinem SEÇER

Ph.D. Candidate, Research Assistant at Mimar Sinan Fine Arts University, Department of City and Regional Planning. She completed her undergraduate studies at the Political Science and Public Administration Department, METU, then earned an MA degree from University of Michigan, Department of Urban Planning. Her areas of interest are urban sociology, public space, labour geography.

Kemal ŞAHİN

He is working in the Department of Informatics at Mimar Sinan Fine Arts University since 2010. He is a Ph.D. candidate in the Department of Informatics at Istanbul University. He conducts scientific studies on educational technologies, technology education and data visualization. He is experienced in mobile / web application development.

Aslı TAŞ

Aslı Taş is a Research Assistant of Interior Architecture in Faculty of Fine Arts at Marmara University. She earned both her bachelor and master's degree from Karadeniz Technical University. She is attending her Ph. D. at Marmara University. Her main research topics include the history and theory of inte-

rior architecture.

Bülent Onur TURAN

He graduated from Yildiz Technical University in 1999, completed his master's and Ph.D. degrees in the field of Architecture. He works as an academic at Mimar Sinan Fine Arts University since 2010. His research interests include, design methods, architectural education, digital design and fabrication and design informatics.

Mehmet Ali YÜZER

Mehmet Ali Yüzer is Ass. Professor in the Department of Urban and Regional Planning in ITU, Turkey. He received his Master's and Doctoral degree from the ITU. He is interested in industrial location, quantitative methods in planning, urban planning and design theory and practices. He developed LUCAM Model that consists of Simulation and Modeling of Urban Growth and Transformation.

Guide for authors

Authors must follow these instructions carefully to avoid delays in submission, peer-review and publication processes.

1. Submission of manuscripts

The language of the journal is English. After the submission, the manuscripts will be edited according to the journal submission format and authors may be requested for some corrections or for addition of any missing

2. Preparation of manuscripts

The cover letter, title page, text with references, tables and a list of figure captions should be prepared as separate Word documents and should be uploaded the online submission system separately. The manuscript must be typed in double spacing by using Arial font with 12 points. All pages must be numbered consecutively.

2.1. Cover Letter

The cover letter must state that the manuscript has been written and approved by all authors, that it presents an original and unpublished work; and it has not been submitted to, or is not under review process in another journal. It must contain the names and signatures of all authors. The scan of the cover letter is acceptable.

2.2. Title Page

The cover page must contain a concise and informative title; names, affiliations (department, faculty, university, city and country) and e-mail addresses of all authors, and identify the corresponding author.

2.3. Abstract

A concise and informative abstract in English must not exceed 250 words in length, must summarize the purpose, methods and major findings of the paper.

2.4. Keywords

The article must have minimum 3, maximum 5 keywords which must be sorted in alphabetical order and separated by commas. Keywords must be carefully selected to facilitate the readers' search.

2.5. Text

Text must not exceed 7000 words. All headings must be numbered consecutively and hierarchically. Authors, for whose English is not the native language, are strongly encouraged to have their manuscript carefully edited prior to submission. Also, authors are recommended to perform spell checking of the text. Within the article, avoid the use of footnotes and endnotes, if unavoidable, label as (1), (2) and list all together at the end of the page where they occur.

2.6. Acknowledgement

If necessary, acknowledgements can be provided.

2.7. References

The style and punctuation of the references must follow the APA referencing style. References in the manuscript must give the surname of the author and the year of publication in brackets. The references must be listed in alphabetical order of authors' names and in chronological order for each author. The upper and lower case rules and punctuation types of APA style must be carefully followed. Further details about APA referencing style can be seen from <http://www.apastyle.org/>.

Some examples of reference citation are given below.

Books

Author, A. (2014). *Title of the book*. London: Mitchell.

Journals

Author, A. A., Author, B. (2012). Title of the article. *Title of Journal*, 12(4), 187–195.

Conference Proceedings

Author, A. A., Author, B. (2014). *Title of paper*. Paper presented at the meeting of Organization Name, Location.

Thesis

Author, A. A. (2008). Title of thesis (Unpublished doctoral dissertation or master's thesis). Name of Institution, Location.

Websites

The BBC (<http://www.bbc.co.uk>).

Author, A. A. (2011). Title of document [Format description]. Retrieved from <http://URL>

Report

Author, A. A. (2012). *Title of work* (Report No. 123). Location: Publisher.

Author, A. A. (2012). *Title of work* (Report No. 123). Retrieved from Name website: <http://www.az.itu.edu.tr>

3. Preparation of Tables and Figures

Tables and figures must not be embedded in the article. The proposed location of figures and tables must be indicated in the article by using [Figure 1] and [Table 1] format.

Tables must be provided after the references and each table should be placed on a single page. They must be consecutively numbered and must have a brief informative caption. The caption must be provided before the table and written in "Table 1. Name of the table" format. If necessary, explanatory footnotes must be brief, placed beneath the table and indicated by (*).

Figures must be numbered consecutively throughout the paper and uploaded to the online submission system as separate image files. Figures must be in grayscale or in black-and-white with minimum 300 dpi resolution as jpeg format. Figures must be named as they named in the article in "Figure 1. Name of the figure" format. Figure captions must also be listed at the end of the article, after the tables.

4. Symbols, abbreviations and conventions

Symbols, abbreviations and conventions in papers must follow the recommended SI Units. Abbreviations must be defined in brackets after their first mention in the text in accordance with internationally agreed rules.

5. Mathematical expressions

Mathematical symbols and formulae must be typed and any other application or program must not be used. Particular care must be exercised in identifying all symbols and avoiding ambiguities. Distinction must be made between the number one (1) and letter (I) and between the number (0) and the letter (O). Equation numbers must appear in parentheses and numbered consecutively. All equation numbers must appear on the right hand side of the equation and must be referred to within the text.

6. Copyright and originality

It is the author's responsibility to obtain written permission from authors and publishers of any previously published material; text, tables, figures, etc.

8. Book reviews and notes

A book review must run between 500-1000 words, which give scope for an assessment of the book and its contribution to knowledge and discussion within the broad field of architecture, planning and design. Reviews must be typed in double spacing by using Arial font with 12 points. Name, affiliation and e-mail address of the reviewer must be given. A photograph of book cover must be provided in jpeg format. The title, author, origin, publisher, date, number of pages, price and ISBN number must be provided as in the following example.

The Search for Form in Art and Architecture

Elieel Saarinen, 1985

Dover Publications Inc.: New York

354 pp 8.95 US \$ Paperback

ISBN 0-486-24907-7

9. Publication charges

There is no submission and page fee for A|Z ITU Journal of the Faculty of Architecture.

Theory

Bülent Onur Turan, Kemal Şahin, Ümit Işıkdağ

An investigation on the attitudes towards adopting the design by coding paradigm

Kerem Beygo, Mehmet Ali Yüzer

Early energy simulation of urban plans and building forms

Ehsan Abshirini, Daniel Koch

Resilience, space syntax and spatial interfaces: The case of river cities

Ebru Firidin Özgür, Sinem Seçer, Barış Gögüş, Tolga Sayın

Use of public spaces in private space-led urbanization: The cases of Kadıköy and Ataşehir in İstanbul

Edmond Manahasa, Ahsen Özsoy

Place attachment in a Tirana neighborhood: The influence of the “Rebirth of the City” project

Şebnem Ertaş, Aslı Taş

Changing effect of place on frontage design in the context of cultural sustainability

Seda Erdem, Nihal Arıoğlu

An analysis of the properties of recycled PET fiber-gypsum composites

Mustafa Erkan Karagüler, Gülfem Kaya

The effect of relative humidity and moisture to the durability of spruce and laminated timber

Parmonangan Manurung

Daylighting and architectural concept of traditional architecture: The Tongkonan in Toraja, Indonesia

Murat Çetin

Filling an urban void as a ‘public interior’ in Balıkesir; contemporary intervention into historic context through interior space
